## Your benefits in detail:

- **Increasing revenues through 24/7 sales** - An automated extension of opening hours equals enhanced customer service.
- **Digitised shopping experience & customer loyalty** - A personal customer account (recommendation of preferred products, information on allergen codes, cashless billing, loyalty programs, etc.) for customer loyalty and brand strengthening.
- **Explore the enormous product variability of FoodButler24** - there is almost no product that cannot be sold by FoodButler24 - change of product range in just a few minutes.
- **Relieving your staff** - Self-service creates additional capacity for more valuable activities, instead of routine tasks.
- **User-friendly & intuitive operation** - The software offers your customers and employees intuitive and barrier-free user interfaces (UX, user experience); 100% remote maintenance through web technology.
- **Analyses & connections** - The software enables analyses and forecasts of customer behaviour to optimise the product portfolio - inventory management system and sales journals can be linked to FoodButler24.
- **100% Made In Austria** - with on-site support and service.
